Letter of Recommendation

To whom it may concern,

I am writing to recommend Claire LEFEZ, who was an intern at TotalEnergies for two months. Claire worked under my supervision in the Transversal Projects department, where she was involved in various projects related to the Company's IT Project Portfolio Management.

Claire impressed me with her enthusiasm, dedication, and professionalism. She demonstrated excellent skills in project management, presentation, and communication, as well as a keen interest in learning new things. She was always willing to take on new challenges and responsibilities, and she delivered high-quality work on time and within budget. She also showed great initiative and creativity, proposing innovative solutions and improvements to existing processes and tools.

Claire was a valuable asset to our team and a pleasure to work with. She established good relationships with her colleagues, internal clients, and partners, and she communicated effectively in both French and English. She was always respectful, courteous, and professional, and she displayed a positive attitude and a good sense of humor.

I highly recommend Claire for any position that requires project management skills. She has the potential to become a successful and valuable employee in any organization. I am confident that she will exceed your expectations and contribute to your success.

Please feel free to contact me if you have any questions or need further information.

Sincerely,

Alexandre DAY
IT Process and Governance Manager
